**Every Plant a Solid Mass of Flowers**

These are sometimes called the "Plant of a Million Mums" because they often have over 1,000 good-sized, double blooms at one time. You never miss a dozen flowers clipped daily for your table.

These plants grow 2½ feet broad and about 2 feet high, are very hardy, and bloom from late August until frost. They are a beautiful sight planted singly, and a row of them makes a colorful border.

Please note that we are including one of the showy, new brilliant royal purples in this collection.

## "BIRD OF PARADISE"

America's Most Exotic House Plant

\*Bird of Paradise (strelitzia regina) is a gorgeous flower with an unusual shape and striking colors—a combination of red, yellow, blue and orange. It is a favorite of flower lovers everywhere. The cut flowers last two to three weeks if the water is changed every two or three days. Florists prize the blossoms, sell them retail at \$25.00 to \$30.00 per dozen.

Yet this beautiful plant is easy to grow, and will live for many years, constantly increasing in size and beauty. It is sun loving, but does well in partial shade. At maturity, plant gets about two or three feet tall, and continues to make a wider clump. Usually begins to bloom when it has nine or more leaves, and a mature plant has 25 to 30 flowers at one time.

## 4 GARDEN-BLOOMING CARNATIONS

HARDY . . . DELIGHTFULLY FRAGRANT

If you like carnations, you don't have to limit yourself to an occasional few from the greenhouse. You can grow these hardy carnations outdoors in your own garden. They are very similar to the

greenhouse varieties, and have just as much fragrance.

They will bloom all summer in your garden with very little care and, since the stems often are 20" long, they make you wonderful cut flowers as well.

**ALL 2-YEAR-OLD FIELD-GROWN PLANTS GUARANTEED TO BLOOM THIS YEAR**

Frankly, we have a surplus of No. 2 Grade rose plants because, when we dig our rose plants to sell, most of them go into our Big No. 1 Select Grade, or the medium size No. 1½ Grade, which we list in our catalog. But that leaves the smaller No. 2 plants out.

Our solution to this problem for several years has been to make this reduced price offer on these surplus No. 2's. The offer has proved so popular, and we have received many letters from our customers praising these roses, that we are repeating the offer again this year.

These No. 2's are of the same high quality varieties as the No. 1's. If they were only a little larger, they would be worth \$1.00 to \$1.25 apiece. They are healthy, husky and clean—no culls or damaged plants. They bloomed in our fields last year, and will bloom for you this year and, with a little care, will

grow just as big and just as beautiful as any rose you can buy at any price.

These are our regular, well-known named varieties, but we ask that you allow us to ship by color, not name. This will allow us to sell all of them. We will see that you get a good color assortment. And of course every plant is covered by Henry Field's money-back guarantee.

This is a fine opportunity for you to pick up a real bargain not offered in our big catalog. So order plenty of these rose plants now. (No climbers included in this collection.)

# How You Save Money During Henry Field's

# 1957 MID-SEASON SALE

**FREE!** VALUABLE  
SURPRISE GIFTS

This Is Our Way of Saying "Thanks! Come Again!"

You'll get a Free Surprise Gift with each order for Garden Seed, Flower Seed, or Nursery Stock. Won't say what it will be because we don't want to spoil your surprise. But it will be something good—a packet of seeds or a plant. The bigger the order the better the gift, or the more of them.

## MONEY-BACK GUARANTEE

If, upon receipt of your order, you are not completely satisfied, return the stock at our expense within 10 days for replacement or full-cash refund—your choice and no arguments. We guarantee everything to be state inspected, free from disease, true to name, and first class in every way.

We are members of the National Better Business Bureau, the American Association of Nurserymen, and the American Seed Trade Association. All of these organizations work to promote good, honest business practices and uniform grading of stock.

## ASK YOUR POSTMASTER

We have satisfied customers in all 48 states, and believe that every Postmaster in the U. S. knows about us. Chances are that many of your neighbors who get their mail at your post-office are doing business with us right now. Ask your Postmaster.

From here at Henry Field's, Shenandoah, Iowa, your orders sent direct-by-mail to you. We have our own greenhouses, growing fields, storage and shipping buildings. If you ever drive through, won't you stop in to say hello?

## Many Items of Seed and Nursery Stock Reduced in Price

Even though we've been in the seed and nursery business for over 60 years, we still can't predict the future, including the weather. So, each spring, we find we have grown too many of some things.

Now we don't want to find any of these seeds and nursery stock left over at the end of the season. So to move these surpluses, we make special offers on them.

But that is only part of the story. We realize that this folder reaches many people who don't receive Henry Field's catalog, and who have never dealt with us. Perhaps you are one of these people. For you, we have chosen from our giant-sized catalog some of our finest bargains in high grade seeds and nursery stock. Our regular customers think of our catalog as their convenient "arm chair department store" for seeds and nursery stock. This folder, then, is the store's show window. And, being our show window, we put into it our most attractive offers.

## 25 JUMBO SIZE Martha Washington ASPARAGUS PLANTS

All 3-Year-Old Jumbo Grade for only

**\$2.40** PPD. No. A1906K

Martha Washington is more tender, less stringy, and more rust proof. This is the variety most commercial growers use because it gives them both heavy crops and good quality. We think it is so good that we sell no other. We send you the 3-year JUMBO size plants so you can begin eating some the first year. And remember, asparagus comes up early each spring for years, with no replanting and practically no care, and insects don't bother it.

## ASPARAGUS-RHUBARB BARGAIN

You probably will want to plant both Rhubarb and Asparagus, so here is an extra special bargain on them:

1 of the Famous Chipman's Canada Red Rhubarb plants, and 25 3-year-old Jumbo Size Martha Washington Asparagus plants as described at right—all for only **\$3.19** PPD. No. 2529XK

## APPLE TREES

A Collection of the Best Varieties 4 for only \$419 PPD. No. A2693XK

This collection gives you:

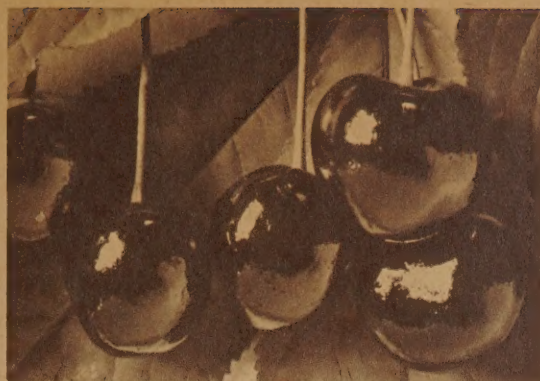

- one of the best winter cooking apples
- a yellow early summer apple
- a very early-bearing fall apple
- one of the best eating apples

**A3047K—JONATHAN.** A winter apple. Has a world-wide reputation for being one of the very best. Bears the deep red variety, good for cooking or eating. Keeps well.

**A3105K—YELLOW TRANSPARENT.** The yellow early summer apple. Excellent for both cooking and eating. Clear yellow, crisp and splendid flavor. Comes into bearing very early and is extremely hardy. One of the earliest ripening of all apples. Usually ready to pick by mid-July.

**A3100K—WEALTHY.** A fall apple that bears heavily. Ripens in September but is good two weeks before ripe. Indispensable in cold regions and valuable everywhere. Good for backyards and home orchards as tree never gets very large. Stores well.

**A3016K—RED DELICIOUS.** First choice of winter apples. The improved, early-coloring, big Red Delicious with crisp, fragrant flesh and fine flavor.

## 2 SWEET CHERRY Trees for \$379

1 GOLDEN SWEET — 1 BLACK TARTARIAN only PPD. No. A2724XK

No. A2724XK—1 Golden Sweet and 1 Black Tartarian, both for only 3.79, ppd. The two varieties best for eating fresh, desserts, fancy preserving, and making cherry cider.

**A3318K—GOLDEN SWEET.** The yellow, sweet cherry that loads the tree with a big crop. Flavor is just as fine as any Bing cherry you ever tasted but, because the fruit is yellow, the birds won't

bother it! 2.10 each; 3 for 5.85, ppd.

**A3303K—BLACK TARTARIAN.** The best known and most popular of all sweet cherries. Big, purplish-black fruit has a delicious flavor. Grows well in widely different soils and climates. Bears well and regularly and lives for years. Very resistant to brown rot. A garden favorite for over 200 years. 2.10 each; 3 for 5.85, ppd.

Increases in size and color as tree grows older. Always brings a premium on the market.

INDIVIDUAL PRICES: 3 to 4-foot size, 1.19 each; 3 for 3.29. 4 to 6-foot size, 1.49 each; 3 for 4.19, postpaid.

Fastest-Growing Tree in the U. S. A.!

## Henry Field's HYBRID ELM

Often Grows 8 to 14 Feet Per Year

If you want shade in a hurry, yet want a tree that is hardy, long-lived and hard-wooded, Henry Field's Hybrid Elm is the tree for you. It grows faster than any other tree in the United States, bar none—even faster than the soft-wooded, short-lived poplar. It combines the permanence and beauty of the American Elm with the rapid growth of the Chinese Elm; has all the good points of both, but none of the bad.

Extra Hardy—Grows Anywhere

Henry Field's Hybrid Elm thrives in any type soil, and keeps right on growing in weather hot or cold, wet or dry. The leaves are large and dark green; the branches straight and strong, with great resistance to breakage from high winds, ice, and snow.

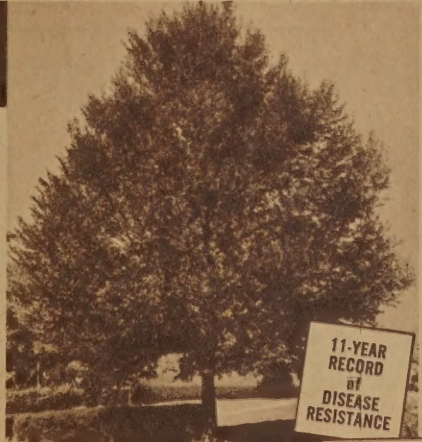

11-Year Record of Disease Resistance

And apparently Henry Field's Hybrid Elm is immune to elm diseases. We have sold several hundred thousand during the past eleven years and, to date, know of not one case of loss from the elm diseases.

Approved by Park Commissions

Many City Park Commissions that have prohibited the planting of vulnerable common elms enthusiastically approve the planting of Henry Field's Hybrid Elm.

Note: Henry Field's Hybrid Elms grow so fast in our nursery rows that they get too big to ship by parcel post so we ship them by express, already pruned for planting.

This unretouched photograph is typical of thousands of Henry Field Hybrid Elms now growing throughout the United States.

Susan was 3 when this Henry Field Hybrid Elm was planted. When she was 5, the tree was over 25 feet tall.

"Blue Flame" FLAME VIOLET

"Scarlet Flame" FLAME VIOLET

"White Flame" FLAME VIOLET

## Now FLAME VIOLET® "WORLD'S MOST BEAUTIFUL HOUSE PLANT" in 3 different brilliant colors

N1K—"SCARLET FLAME" (Episcia Coccinea). The flowers are a brilliant scarlet, contrasting vividly with what are probably the most gorgeous leaves of any house plant. They are broad, thick and plush-like, and of a deep bronze-green color with veinings of bright emerald green. 1.25 each; 3 for 3.49, ppd.

N8K—"BLUE FLAME" (Episcia lilacina Fanny Haage). Of the same family as "Scarlet Flame" but the flowers are slightly larger

and of a soft yet warm sky-blue color. The leaves have less bronze color than Scarlet Flame, being more a harmony of two tones of green that makes a perfect setting for the flowers. 1.50 each; 3 for 4.19, ppd.

N15K—"WHITE FLAME" (Episcia dianthiflora). A new color in Flame Violets: large pure glistening white, beautifully fringed. Leaves small, round, dark green. Blooms spring and summer; also sometimes in fall. 1.75 each; 3 for 4.29, ppd.

You get ready-to-plant seed sets like this

- No Cutting or Treating Required
- From Finest Basic Seed Stock in America

**Henry Field's POTATO Seed Sets**

You can grow more potatoes, and better potatoes, with these seed sets. First, they come from the finest basic seed-stock in America. Next, each set has just the right amount of meat with the eye to insure best germination. Finally, the sets are treated to eliminate surface fungus and to protect them against soil-borne organisms, and to enable you to plant when the ground is still cold.

These seed sets are easier to plant and they germinate quicker. They produce more and better potatoes. There-

fore, they cost you less in the long run.

1 RED—1 YELLOW—1 WHITE

1 packet of each of these 3 different varieties:

**PONDEROSA.** The fruit is huge, red, very tender and meaty. Slices beautifully with few seeds. Vigorous grower.

**GOLDEN SUNRAY.** Highly productive. Has a mild but rich flavor. Makes delicious juice. By far the finest yellow tomato.

**SNOWBALL.** A big ivory-white tomato with flesh almost white. Has few seeds and practically no acid. Lots of folks who were unable to eat tomatoes before enjoy this one.

**50 PLANTS for only \$1.09**  
 No. OG80XK PPD.  
 25 EARLIANA 25 RUTGERS

**EARLIANA** is one of the best of the early red tomatoes. Vigorous, spreading vines, bearing bright scarlet, medium-sized, nearly globe-shaped fruit in clusters. Fine quality meaty fruit.

**RUTGERS** has flesh that is firm and of fine quality. Does not have a hard core, and is outstanding for its uniform, deep red coloring. Excellent for canning.

### 3 GREAT BUYS IN

*Glads*

### Big Bulbs—Guaranteed to Bloom Beautifully the First Year

Every color of the rainbow—red, pink, white, lavender, blue, orange... plus smokies and combinations. Some are one color solid, and some are blotched. And every bulb is clean, vigorous, and of first class quality. They have been State Inspected.

These are all named varieties of choice gladiolus of plain and ruffled petals. Enjoy the glorious beauty of glads in your garden, and in your home. Remember, they are one of the very best cut flowers: they are easy to arrange and the flowers last a long time. Plant some bulbs each week for several consecutive weeks and they will bloom accordingly, giving you fresh flowers

Above is an actual photograph of the Gladiolus bulbs offered at 25 for \$1.00. Please notice that the bulbs measure 1" to 1 1/4" across (about 4" in circumference). These bulbs will bloom the first year, and for many years thereafter.

over a longer period. And you will find gladiolus one of the easiest of all flowers to grow.

We have priced these glad bulbs low to make new friends, so don't miss this very worthwhile offer.

**80 "Row Run" GLADS**  
BARGAIN IN MIXED SIZES  
for only **\$1.00** PPD.

We call these "Row Run" because the bulbs are of various sizes, just as they come from the field—big ones, regular-sized ones, medium-sized ones, and small ones.

But no bulblets, no culls. Every bulb is a clean, healthy, vigorous one that will bloom the first year. So, if you will take them "row run", and save us the expense of grading, we'll give you a super bargain price.

**40 GLAD BULBS**  
Each Bulb 3/4" to 1" Diameter  
for only **\$1.00** PPD.

These are not the real large size bulbs, but neither are they the small bulblets so often offered as a "bargain". These bulbs are 3/4" to 1" in diameter—a size large enough to bloom the first year planted. They have been State Inspected, which means that they are clean, healthy, vigorous bulbs. This is an assortment of the world's finest gladiolus varieties—a rainbow of colors in plain and ruffled petalled kinds, at a money-saving price.

### Grow LEMONS Indoors

Beautiful House Plants... Fragrant Blossoms... Edible Fruit...  
Easy to Grow in Pots

**N1131K - DWARF LEMON PLANT.**

Growing lemons indoors is very popular because lemon plants are as easy to grow indoors as a geranium. Makes a plant 2 feet high and lives for years. Always has lemons on it in some stage of development, and produces fruit with exactly the same flavor as ordinary lemons, but much larger; they actually weigh from 1 to 3 pounds apiece. A useful as well as highly ornamental plant. Good conversation piece too.

**N1133K - DWARF TANGERINE PLANT.** This is a real tangerine, only a dwarf variety that you can grow as a pot plant just as easily as any house plant. Beautiful, glossy green leaves, and brilliant orange-colored fruit that is good to eat. Blooms have fragrance of orange blossoms. Highly ornamental and fun to grow.
